

Shea Concrete
 Amesbury, MA

Owner:	Shea Concrete Products	Contractor:	Saurman Construction Metro Walls, Inc.
Architect:	O'Sullivan Architects	Structural Engineer:	Boulay Consulting
Type:	Roof Trusses	Completion Date:	2016

Description: Atlantic Prefab designed, fabricated and delivered prefabricated CFS Roof Trusses for this 12,000 SF New Office Building. The truss installer modularized the roof trusses into 40' x 40' sections on the ground and lift the assembled sections on to the building.

Constructing Solutions.... Delivering Success.
